D. S. File 240/1910

In a letter No. 623 of the 14th September 1910, the Residency Surgeon submits proposals for giving effect to the reforms made in the Madras Presidency in the case of civil hospital assistants employed in the Stations of Bangalore Civil Hospital & Cantonment alluded to in para 4 of Major Almeida's letter dated 4th Madras Establishment

Vide

their services are placed at our disposal for employment in the Port Blair Station. In that case, the change in the designation & scale of pay entered in Madras should apply, but as those two officers are now working under the Station Municipality the Presidency Surgeon should communicate direct with the Municipal Commissioner & the Surgeon General with the Govt of Madras, if necessary, & make the necessary arrangements. If the Municipality feel that they are unable to introduce the change, steps should be taken for the retention of these officers by the Madras Presidency -

Margin for binding not to be written on.

2. There are two more hospital assistants working in the Rowney Hospital who have no connection at present with the Madras Presidency - The question is whether the reforms effected in the Madras Presidency should be brought into force in this case. It is submitted that the rules governing in Madras should be applied in Port Blair generally since we depend chiefly upon the supply of hospital assistants from the Madras staff though just at present, the

present two hospital assistants do not belong to that staff. Moreover the Accountant General, Madras has been informed that in the case of future encumbent the Madras scale will be brought into effect.

A.196. File 221 1910

3. According to the Scale of Establishment sanctioned by the Govt of India for the Nursing & Lady Surgeon hospitals, we have 1 Senior hospital Assistant on ₹80/- and 1 First grade hospital assistant on ₹55 with an allowance of ₹15/- The change in designation from hospital assistants to Sub Assistant Surgeon in respect of these two officials requires the sanction of the Govt of India, who may also be asked for sanction to ~~introduce~~ apply the revised Scale of pay in force in Madras in respect of the hospital assistants that are employed in the Nursing Hospitals with effect from the 1st April 1910. This arrangement will not affect the present pay of the Senior hospital Assistant (Tahsildar Ayyar) who already draws ₹80/- the pay of the first class Senior hospital assistant under the revised Scale in Madras. As the case of the other hospital assistants Mohammad Ismail referred to in para 3 of Major Stanley's letter

A.168 & 206 File 221 1910

It is doubtful whether the arguments advanced by the Residency Surgeon are of sufficient force to justify the fixing of the 3rd grade hospital Assistant (Rs 40 per mensem) according to the service scale in force in Madras. This officer was in the Medical Service on a pay of Rs 25/- a month, but in order to improve his immediate prospects, he resigned that service, as he was taken up as a 3rd grade hospital assistant in the Bombay Hospital on Rs 35/- a month plus a local allowance of Rs 10/- a month. It was stated, at the time of his appointment in the Bombay hospital, that his grade promotions would be as per scale of pay of Civil Hospital Assistants, Madras, according to the length of service. Besides the Madras service scale, a hospital assistant will not be promoted to 3rd grade before he has put in 5 years' service, & Surgeon Standage therefore thinks that this officer must put in 5 years of service (in April 1911, his service is about 11 months only) before he can be granted Rs 40/- the pay of the 3rd grade, but it also appears that he is already a 3rd grade hospital assistant he should get

get the pay of that grade (£440), ~~independent~~ of the length of service which he has put in. This point may perhaps be reserved for further consideration, after receipt of the orders of the Govt. of India upon the reference which it is proposed, in the beginning of this paragraph, to make to them.

Sir,

I have the honour to acknowledge the receipt of your letter No. 5326, dated 2nd September 1910, forwarding copies of Proceedings of the Madras Government on the subject of the change of designation of Hospital Assistants and the revision of their salary.

2. I now beg to submit the following proposals for the consideration of the Honble the Resident regarding the Hospital Assistants attached the Bowring Civil Hospital and the Municipal Dispensaries at Ulsur and Fraser Town.

3. There are only two Hospital Assistants employed in the Bowring Civil Hospital - of whom Mr. Takhur Singh, Senior Hospital

R. P. 0.—5-1910.—1,000.

Assistant is already in receipt of Pay Rs 80/- a month. This is the rate sanctioned for 1st class Senior Hospital Assistants in Madras. So no change is called for in the case of this subordinate. The other Hospital Assistant is Bhupaul Mudaliar. This man was entertained only on 1st May 1909 as 3rd grade Hospital Assistant on Rs 35/- a month. Prior to this date he was employed in the Mysore State as a last or 3rd grade Hospital Assistant on Rs 25/- a month. He resigned the service there and accepted his present appointment as the pay attached was higher than he was getting in Mysore. In addition to the grade of Rs 35/- he is getting a local allowance of Rs 10/- a month. In the recent revision effected in the Madras Presidency, the rate of pay attached to the 3rd grade is Rs 40/- a month but promotion to this grade is obtained only after 5 years service. At the time he was appointed in May 1909 he started on Rs 35/- a month as this was the rate attached to his grade (3rd) in Madras. In these circumstances he must continue on his present salary until he completes the required period of service to entitle him to the next higher grade on Rs 40/- a month.

4. Next comes the case of Hospital Assistants attached to Municipal

Dispensaries -

P. Venkatarangum attached to "Annasawmy Mudaliar's Dispensary" in Fraser Town, is now in the 2nd grade on Rs 45+5 paid by the Municipality. In addition to this, he draws a charge allowance of Rs 10/- a month. He may be confirmed as 2nd grade Sub Assistant Surgeon on Rs 50/- a month.

Sl 29 (5) file 19/1887

Similarly S. Krishnasawmy Pillay attached to the Alsur Dispensary is in the 3rd grade drawing Rs 35+5, besides a charge allowance of Rs 10/- a month. He may be confirmed as 3rd grade Sub Assistant Surgeon on Rs 40/- a month. Both these subordinates may be allowed to continue to draw their present charge allowance from the Municipality.

Sl 14 file 499/1889

5. The present designation of all these medical subordinates may be changed from Hospital Assistants to Sub Assistant Surgeons and I trust that these proposals may meet with the approval of the Honble the Resident. They involve no extra expenditure. They will of course be eligible for promotion to next higher grade on completing their present grade.

Dated Bangalore, 10th Oct. 1910

SIR,

I am directed to acknowledge the receipt of your letter No.623, dated the 14th September 1910, regarding the Hospital Assistants employed in the Bowring Civil Hospital and the Municipal Dispensaries at Ulsoor and Fraser Town.

2. In reply, I am to state that as regards the Medical Subordinates employed in the Bowrigg Civil Hospital, a reference has been made to the Accountant-General, Madras, and that upon the receipt of his reply, a further communication will be made ~~made~~ to you in due course.

3. With regard to the two other hospital assistants employed in Municipal Dispensaries, I am to say that the arrangements recently sanctioned for the Madras

Simla the 17th August 1909

Sir,

I am directed to refer to the correspondence ending with your letter No. 898, dated the 27th May 1907 on the subject of the proposed improvement of the pay and prospects of Civil Hospital Assistants.

2. A careful consideration of the proposals made by local Governments and Administrations has led the Government of India to the conclusion that it is unnecessary and undesirable that a uniform scale of pay should be retained for the whole of India, as any scale which might be adopted would almost certainly be too high in some provinces and might be too low in others. At the same time they are, as at present advised, of opinion – in view more particularly, of the fact that the conditions of service in Civil employ must affect recruiting for the corresponding military service, – that uniformity should be retained in the grading of Civil Hospital Assistants, and that a maximum scale of pay should be fixed. Subject to this maximum scale they are willing to allow the rates of pay to be determined for each province separately. The grading and the maximum scale of pay which they propose to adopt are as follows:-

4th grade from 1 to 5 years' service	Rs 30/-
3rd grade from 6 to 10 years' service	45/-
2nd grade from 11 to 15 years' service	55/-
1st grade over 15 years' service	65/-
Senior grade second class	80/-
Senior grade first class	100/-

They consider that the promotion of hospital assistants from the fourth to the first grade should be by seniority subject to passing examinations prescribed by or under the orders of provincial governments that

that promotion from the first to the senior grade and within that grade, should be by selection and that the numbers in the senior grade should be restricted to 12 per cent. of the provincial establishment, viz 10 per cent in the second and 2 per cent in the first class of that grade.

I am to request that the Government of India may be furnished, in the event of their sanction or that of the Secretary of State being required, with proposition statements showing the exact financial effect of regrading Civil hospital assistants, in the manner indicated and on the rates of pay which, subject to the maxima shown above, you may decide to adopt, together with a statement indicating how the extra expenditure which the scheme will entail will be divided among Imperial and Provincial revenues and Local Funds. The revised proposals for each province, when received, will be dealt with separately.

3. As regards free quarters or house rent in lieu thereof, the arrangement sanctioned in the Home Department Resolution no. 4 medical 425-436 dated the 19th July 1894, in the case of hospital assistants employed in sanctioned appointments will continue to be in force. In respect of hospital assistants not holding a sanctioned appointment, the Government of India will leave it to you to sanction the provision of free quarters or the payment of house rent allowance in lieu thereof, subject to the condition that the amount of the allowance shall in no case exceed the rent actually paid by the hospital assistants. They also authorize you to grant, if you think fit, an allowance not exceeding Rs 10/- a month, to men who are absent from their own headquarters on duty connected with epidemic diseases.

4. The claim of Civil hospital assistants to a change of designation has been generally supported by local Governments, but there is no unanimity as to the title to be adopted. The Government of India have decided that they should be styled in future 'Civil medical assistants'.

5. The Government of India are unable to agree that civil medical assistants should be eligible for honorary rank as Civil Assistant Surgeon. They see no objection however, to their being permitted to qualify for the Provincial medical service provided that the standard of qualification for that service is not reduced in their favour.

Simla, the 30th April 1913.

SIR,

In paragraph 5 of the Home Department letter no. 1011-1019, dated the 17th August 1909, the Government of India intimated that they were unable to agree that civil medical assistants (now designated sub-assistant surgeons) should be eligible for honorary rank as civil assistant surgeons, but that they saw no objection to their being permitted to qualify for the provincial medical service, provided that the standard of qualification for that service was not reduced in their favour. The question has recently come under review in connection with a representation made by the Director General, Indian Medical Service, that a civil sub-assistant surgeon, who has shown exceptional professional qualifications, should be promoted, without going through a fresh college course, to the higher rank of civil assistant surgeon together with the pay and privileges of that rank. Upon reconsideration of the matter, the Government of India are disposed to think that the door of entry to the service of civil assistant

(30)

surgeons should not be entirely closed to the subordinate medical service, provided that the concession of admission is strictly confined to a few specially deserving cases. In view, however, of the impending enquiry by the Public Services Commission into medical services generally, the Government of India do not at present propose to pass any definite orders in the matter, but I am to suggest that (with the permission of the Governor in Council / the Lieutenant Governor in Council / His Honour the Lieutenant Governor) any observations which the Government of Madras, etc., / you may wish to make in the matter may be duly placed before the Commission.

Sir,

5.15 With reference to your letter No 5051/ Encl of 21st June 1913 , I have the honor to state that I hold the opinion that it should be possible for a Sub Assistant Surgeon to qua-lify for promotion to Assistant Surgeon.

To quote a specific instance - an exceptionally abl Sub Assistant Surgeon passed out of the Indore Medical School and was attached to Nowgong. His work and conduct were excep-tional. He desired to better his prospects and I approached ~~Lt.Col. Sir James Roberts who was then Administrative Medical~~ Officer, Central India.

Sir James Roberts approached Bombay Goevrnment but there was no way of helping Sub Assistant Surgeon Ahmed Bux without his starting the whole of his course afresh, attendin a full course of lectures on every one of the subjects that h

had already attended at Indore.

My request was to obtain permission for examination in preliminary subjects and a 2 years course in the final subjects before attending the final examination

FROM [illegible]
THE HON'BLE MR. H. V. COBB, C. S. I., C. I. E.,
RESIDENT IN MYSORE.

To

The POLITICAL SECRETARY to the GOVERNMENT of INDIA,
FOREIGN & POLITICAL DEPARTMENT,
(Through the Accountant General, Madras).

Dated Bangalore, 19 September 1917.

SIR,

I have the honour to submit for the orders of the Government of India, a proposal for the revision of the scale of pay of the two Sub Assistant Surgeons of the Bowring Civil Hospital in the Civil and Military Station, Bangalore.

2. The present scale of pay was sanctioned in June 1911 vide paragraph 3 of Foreign Department's letter No.1871-Est.A., dated the 21st June 1911. The Government of Madras have now raised the scale of pay of the Sub Assistant Surgeons in the Madras Presidency and under the powers I myself possess I intend shortly to sanction a similar increase in the pay of the Sub Assistant Surgeons employed by the Municipal Commission of the Civil and Military Station of Bangalore, on the ground that the staff in question is for the most part recruited on loan from the medical sub services of the Madras Government.

*a copy of the order is enclosed for reference.

3. To prevent dissatisfaction and the anomaly of the Sub Assistant Surgeons in the Bowring Civil Hospital, drawing less pay than those employed by the Municipality, I hope that the

(6)

Government will be kind enough to accept the present proposal.

4. The additional expenditure involved, if the proposal is sanctioned, will be met by re-appropriation.

5. A proposition statement in duplicate is forwarded.

I have the honour to be,
Sir,

Your letter No.7230, dated 19th September 1917.

Revised scale of pay for Sub-Assistant Surgeons of Bowring Civil Hospital, Bangalore, sanctioned, as proposed.

2. Accountant General, Madras, has noticed following items, namely:-

(1) Number of Sub-Assistant Surgeons employed in the hospital is three, and not two as shown in paragraph 1 of your letter.

(2) One of the House Surgeons having been promoted to senior grade on Rs.350 from 9th June 1917, the cost of two appointments is Rs.700 and not Rs.675 as shown in proposition statement submitted

3. Necessary reappropriation of funds should be made before any additional expenditure is incurred in current financial year.
